“STANDING PROUD”

This year of Nineteen-Hundred and Sixty-Nine, our students stood proudly and displayed genuine spirit for our school even through our most difficult times. The EL CABALLERO staff wishes to express this spirit throughout these pages. Our theme this year is "STANDING PROUD."

He who compares and estimates himself by an ideal which is lower than himself fails to aspire or to accomplish. Aspiration is the mark of the noble man who sets his goals high.

This struggle is like the ocean's rush against the highest rocks. Yet the water chips away so that eventually only particles of sand remain. The generations of students who have passed through these halls and buildings exemplify this struggle. They show a perseverance and, above all a refusal to turn back when one is just at his goal.

This is the spur that makes man master ignorance, inefficiency, and indifference. Equipped with the knowledge and understanding he finds here, he strives forth to complete his goal and to achieve his ideals from which all nobleness proceeds.

Alma Mater

Hail to thee, our Alma Mater
Purple and white our pride.
Victory ever is our motto:
Courage is our guide.
Loyal to thee, thy sons and
daughters,
Friendship is our tie.
Hail to thee, our Alma Mater,
Santiago High!

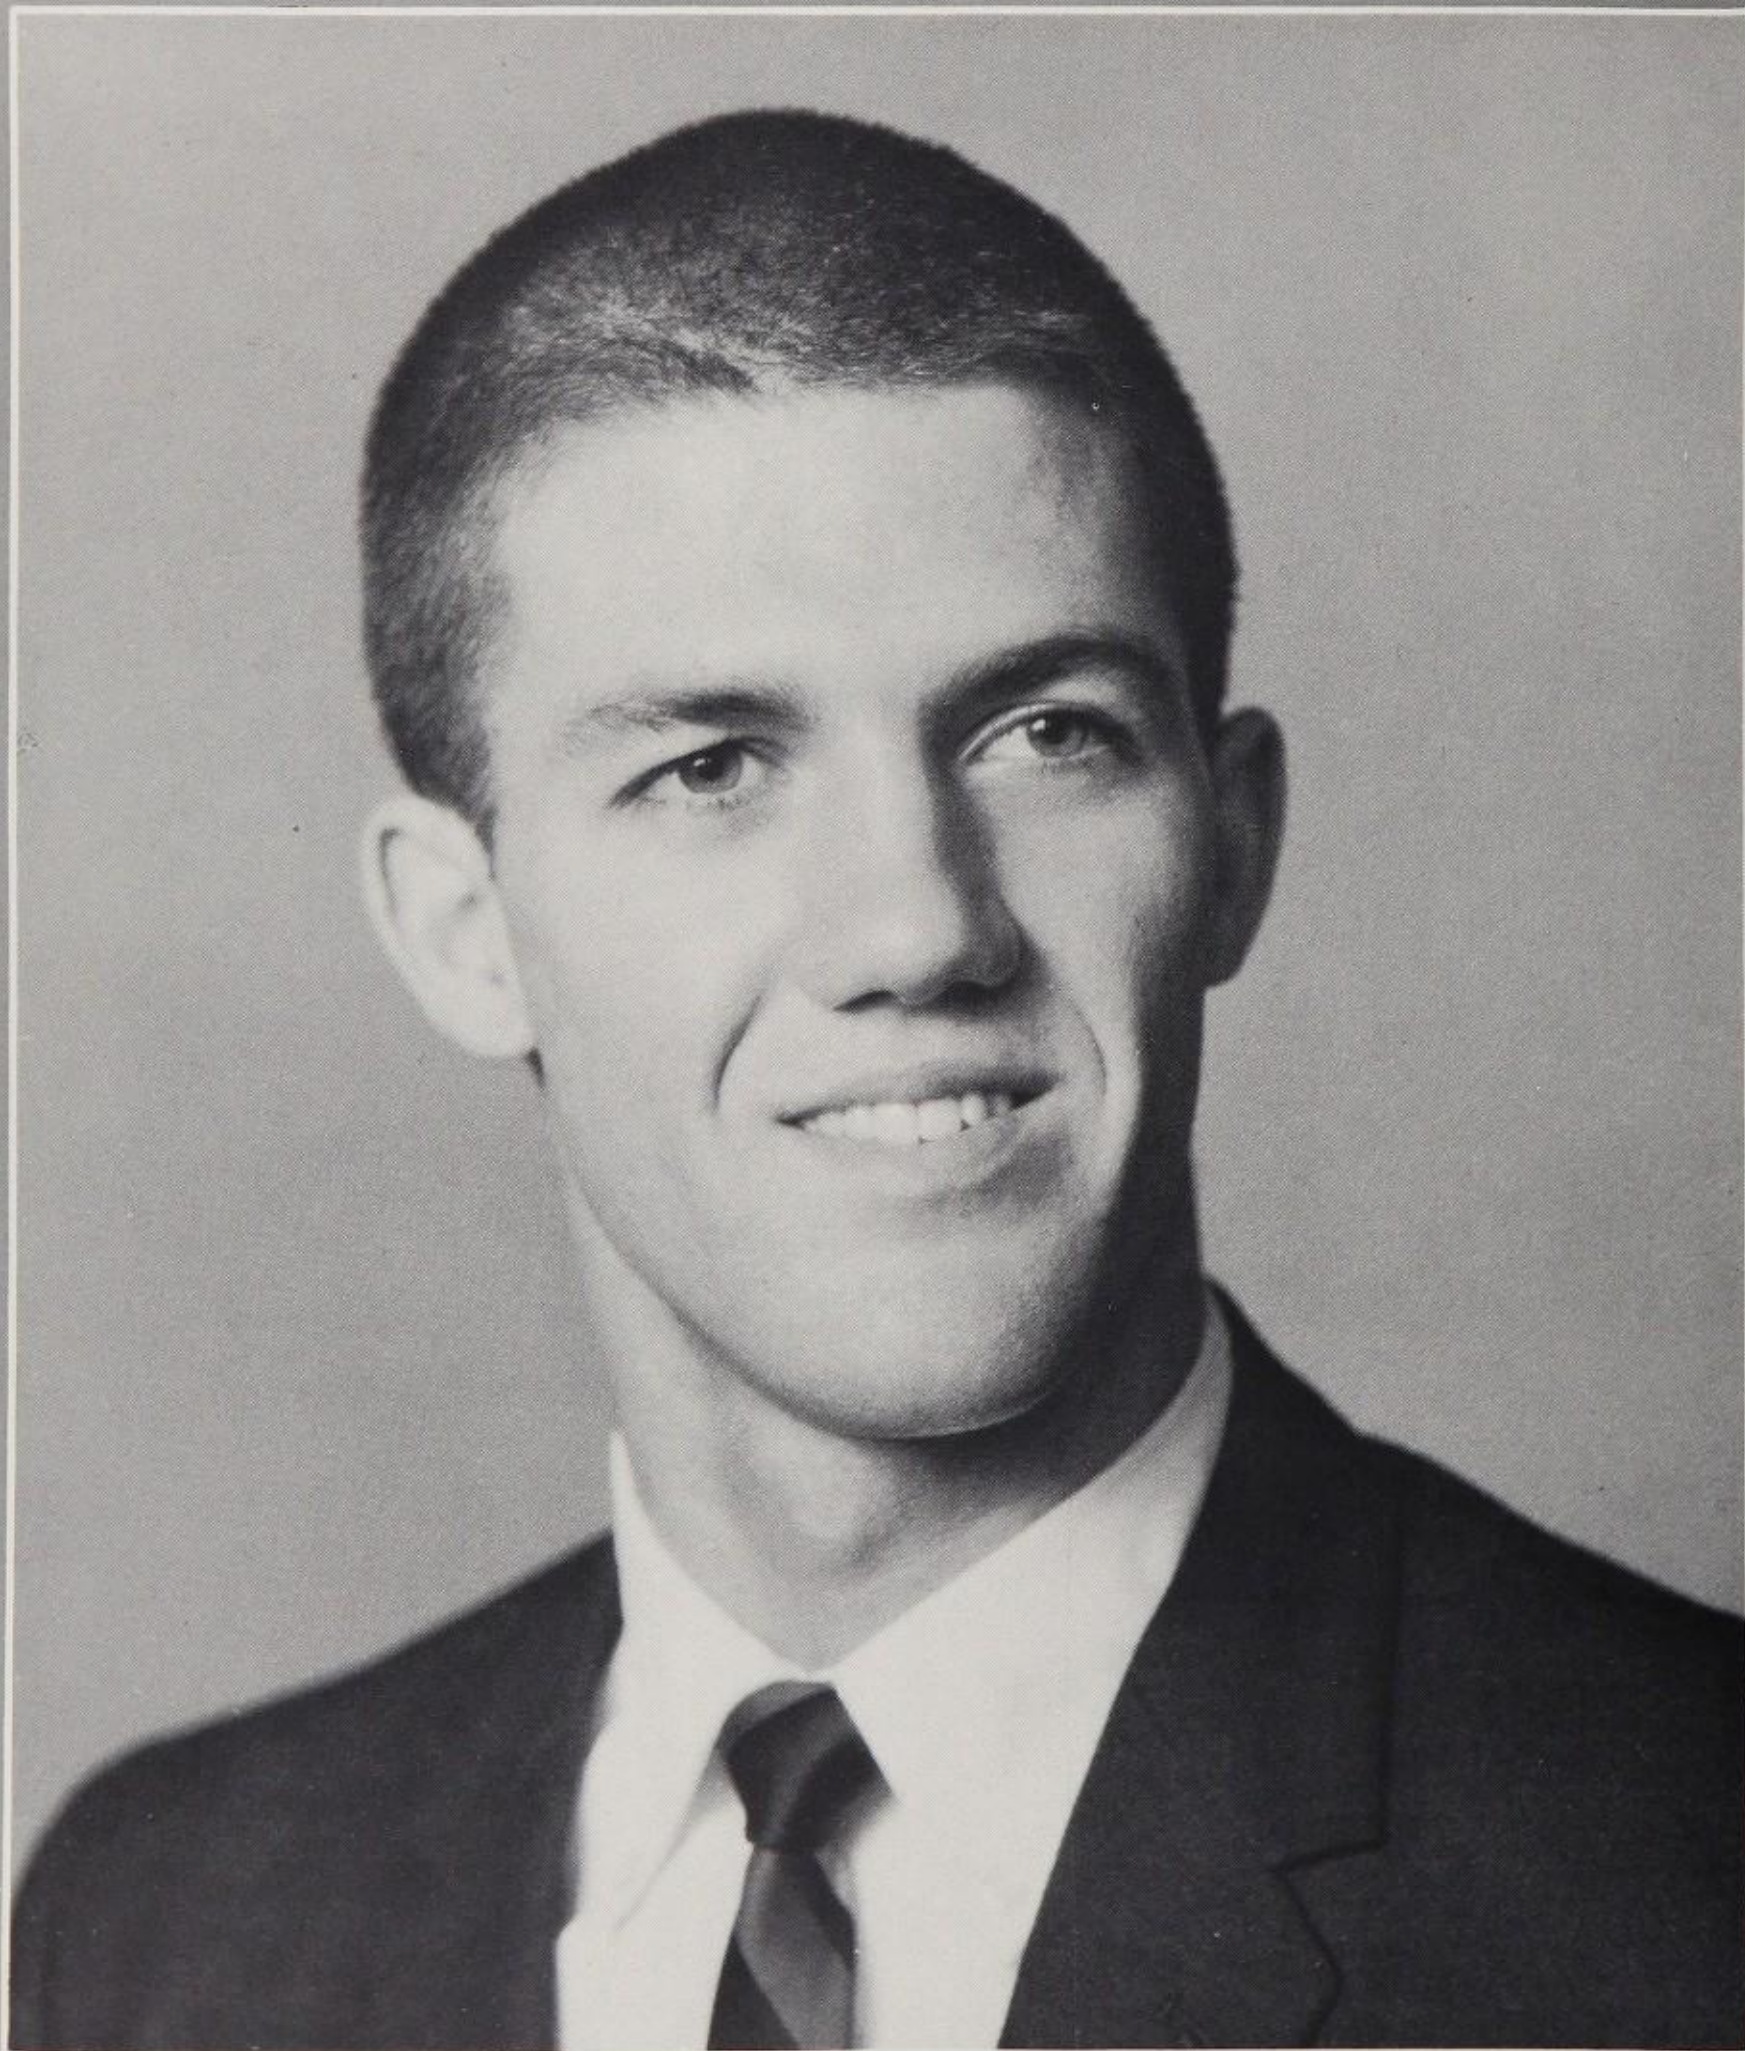

Standing Proud is the accomplishment of being able to withstand defeat from other schools and coming back again to stand proud for your school. It is certainly the spirit that you show after a victory.

Standing Proud is rising each time you hear the Fight Song, Alma Mater, or the Star Spangled Banner.

IN REMEMBRANCE OF A FRIEND

Wendell Mutz
Class of 1968

But Now Alas! The Place Seems Changed
Thou Art No Longer Here.
Part Of The Sunshine Of The Scene
With Thee Did Disappear
Longfellow

Music at Santiago plays a major part at the school. The Sandpipers under the direction of Mr. Larry Collison create an atmosphere of fine music through their singing and hard work. The Sandpipers are: Carmen Easton, Pam Stuart, Phil Dye, Buddy Madden, Georgia Bobango, Sherry Smyth, Tony Tortorea, Sue Darst, Jim Mutz, Dan Strong, Hillary McMorries, Barbara Barrett, Mike Liscotti.

The Campus- a substance of every school life.

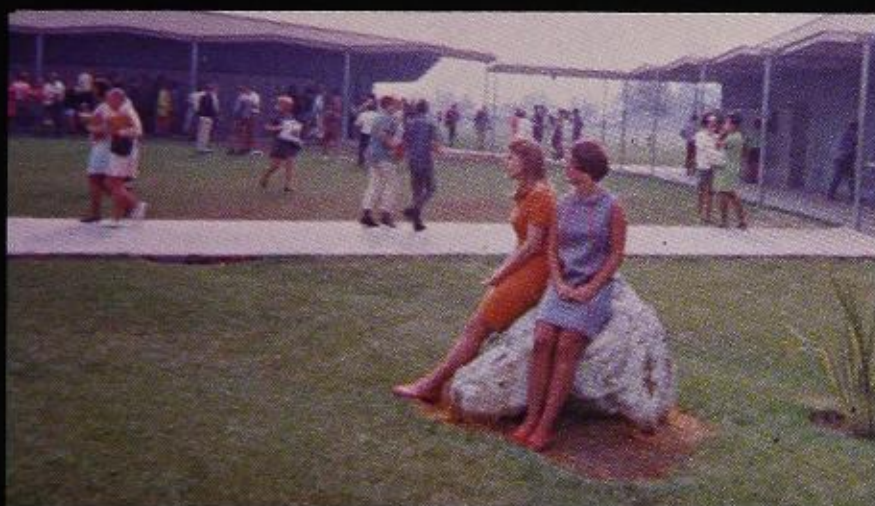

COUNTER CLOCKWISE: "Oh Mr. Autry, you're so strong."

There are places I'll remember.

Santiago students relax at a break.

A senior in repose...Tony?!

It rained that morning!

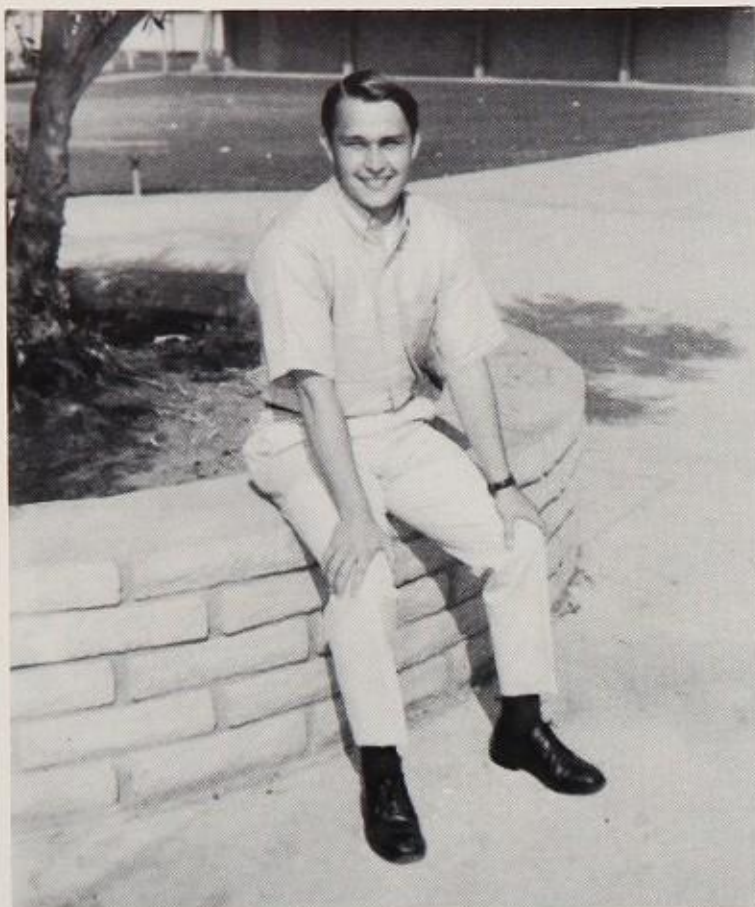

Four years have passed since the class of '69 stepped onto the campus. During these years we gradually became a true part of this school. The first assembly, the first formal dance, our fierce class competition, the class rings and our senior privileges are all part of the memories we have of Santiago. The marquee has been left empty so anyone may write brief memories of this year or four years on the photograph.

Teachers, friends and student life has influenced and helped us, now as we leave we hand down the responsibilities to the underclassmen. We came as unsure freshmen and we leave as a class united with the hopes of our future and the goals which now challenge us.

SENIORS

"Some men see things as they are and say why? I dream things that never were and say why not?"

Robert Kennedy

Four full years have come and gone
We leave as Seniors proud and strong.
We leave the halls of the school we love
Reaching and striving for the goals above.

We leave our friends, we say good-bye
The boys will shout, the girls will cry.
We leave Santiago with smiles and tears
But together we unite as "Proud Cavaliers".

SENIOR ADVISORS--ON THE JOB

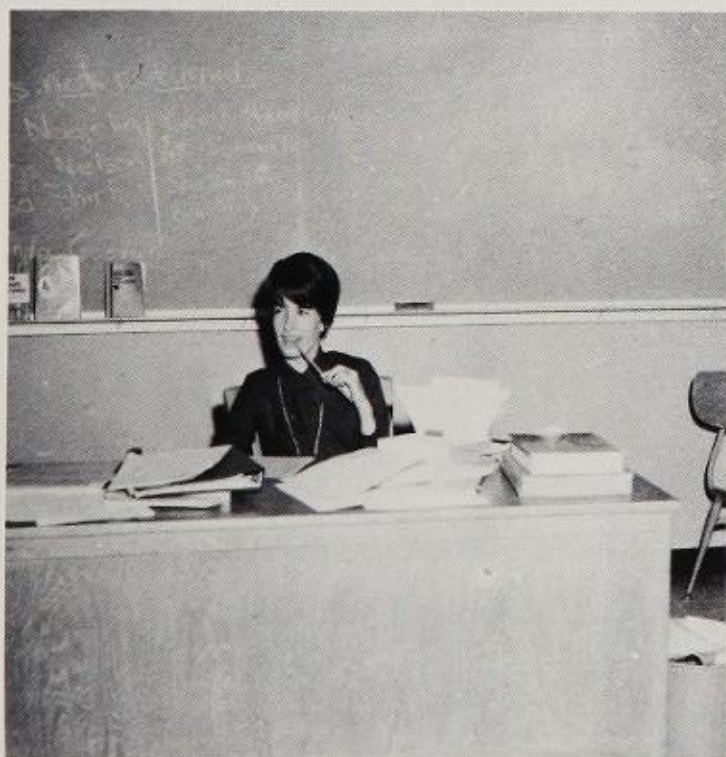

MRS. LYNN MARRS, English teacher and advisor to the Journalism staff, says:

"The Seniors of today are the parents, teachers, engineers, and leaders of tomorrow. They are the catalysts of tomorrow's society. It is my hope as their senior class advisor that they strive to make this world a little more humanitarian, a little more peace loving, and a little more loving toward all of mankind."

MR. JULIAN SCHERER, Chemistry teacher, says:

"The 1969 senior class has frequently distinguished itself by the organization of activities out of the ordinary, spectacular and well done. The advisors of this class have not usually faced the problem of motivating them, the problem more often has been to be not too surprised at the fine quality of the things the group thinks up. As we wish the seniors of 1969 "Godspeed", it is with the knowing that their places will not easily be filled, their contributions to Santiago will be lasting."

MRS. CATHY GUSTKEY, English teacher, says:

"Knowing and working with the class of '69, both as a teacher and as an advisor, has been and is a pleasure--one which I do and always will treasure. The kids are great--self-sufficient, organized, and imaginative. I feel that the really outstanding accomplishment of this class was the senior assembly which definitely had something to say to every senior. The seniors wrote, planned, and presented this assembly themselves, and it was fantastic! Of course, so are the seniors--fantastic, that is!"

REMEMBER

...Our quad looked like this!

... Then like this!

... The duet performed for us at one of our better assemblies.

... The Sandpipers displayed their talents for the student body.

... You danced until...

... We saluted the flag every morning.

WHEN

...We held our heads high!

...We fought to win the tug-o-war!

...Our team looked like this!

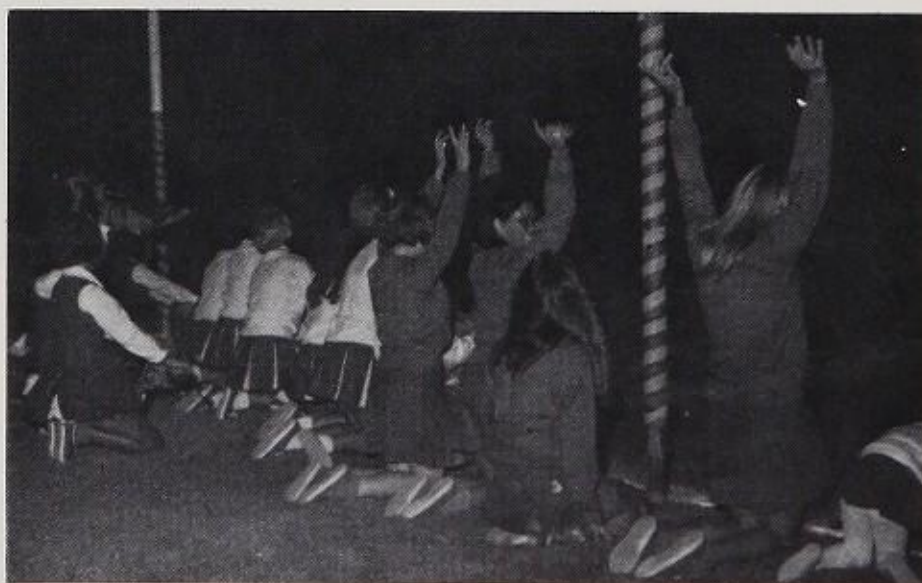

...Mr. Heade directed!

...We honored our team!

...The band sounded off!

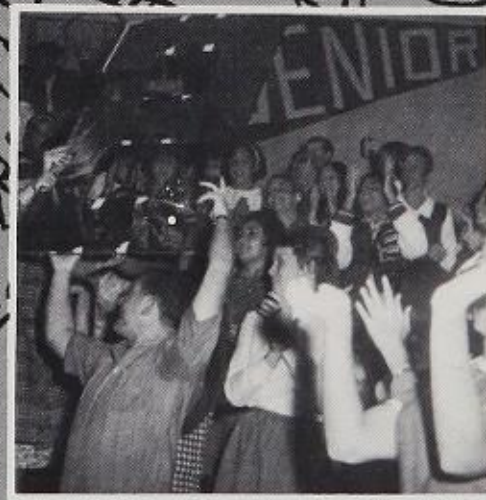

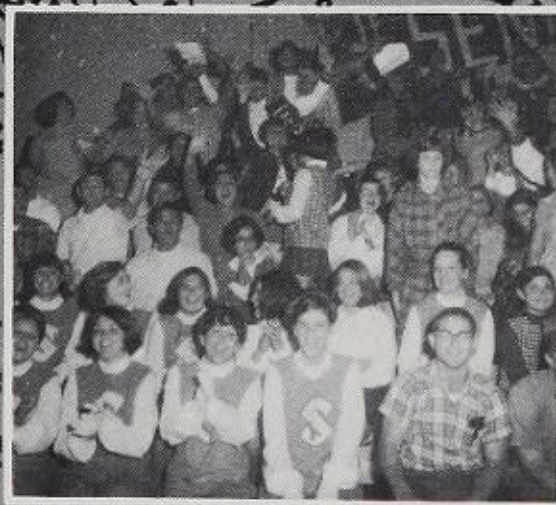

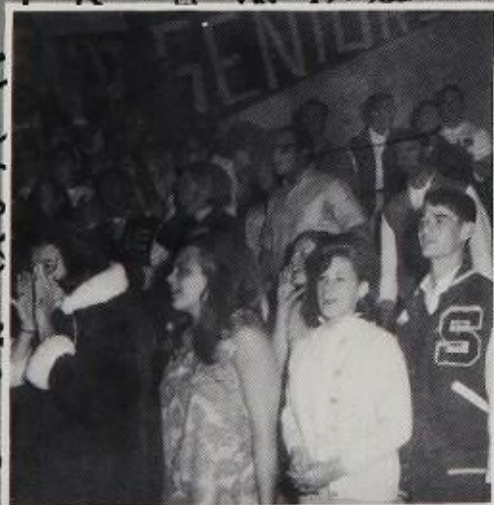

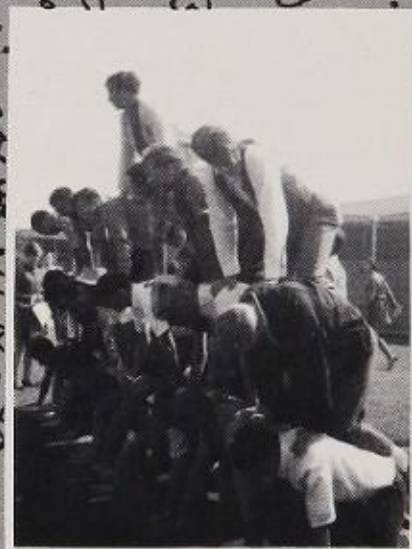

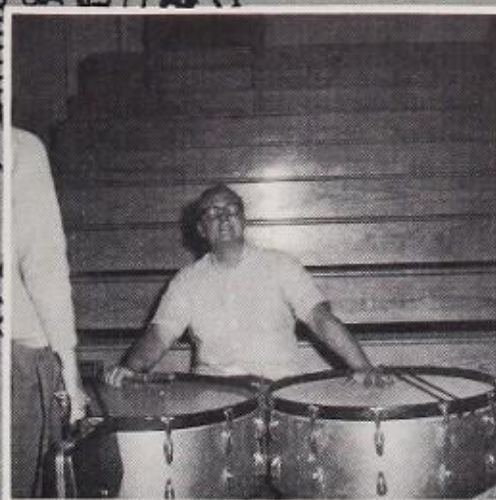

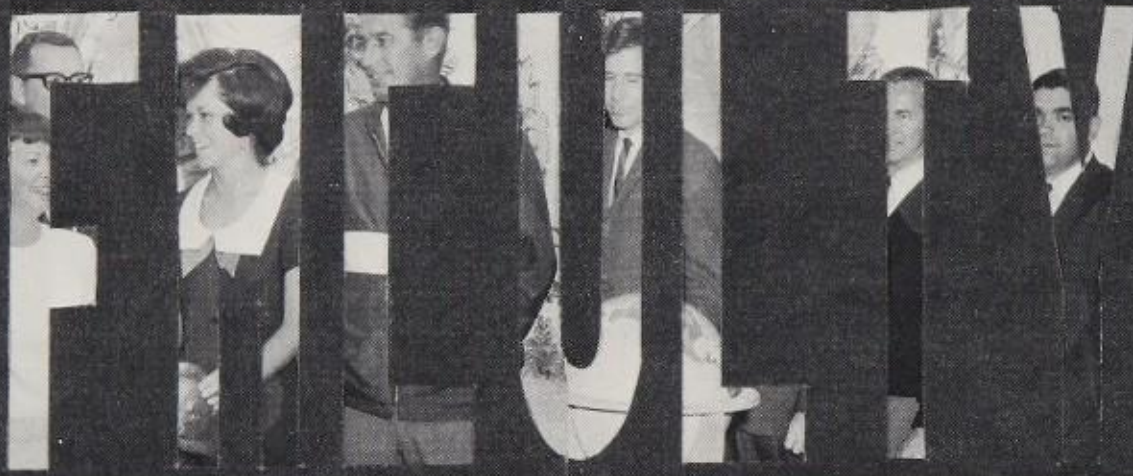

Good fortune—hope it's plentiful
With just a bit to spare . . .

Happiness—here's hoping YOU
Will have an extra share . . .

Success--a heaping measure,
All the things you want most, too . . .

Pride is both fortification and force. "Standing Proud" means supporting one's beliefs, loyalties and institutions with this phenomenal power in such a way that its force is felt by others.

The phrase "standing proud" immediately brings to mind the following quote by President Theodore Roosevelt. It was quoted often by President John Kennedy and in my estimation puts forth an excellent philosophy of life.

"In the battle of life it is not the critic who counts, not the man who points out how the strong man stumbled, or where the doer of the deeds could have done better. The credit belongs to the man who is actually in the arena; whose face is marred by dust and sweat and blood; who strives valiantly; who errs and comes short again and again because there is no effort without error and shortcomings; who does actually strive to do the deeds; who at the best knows in the end the triumph of high achievement; and who at the worst, if he fails, at least fails while daring greatly, so that his place shall never be with those timid souls who have never tasted neither victory nor defeat."

HEAVE.....HO!!!

WE DID IT!

LOOK AT WHAT I FOUND!

LOOK OUT BELOW!

The beginning of our annual homecoming festivities began at noon on Monday, October 21, with an exciting tug-of-war between the classes. On the preceding days, a human pyramid-building contest was held, a turtle race centered in the middle of the quad, and a pie-eating contest; as this fun-filled week came to a close, we had a hilarious toilet seat race and a casual "pants day".

UMMM... THEY DID?!!

HOMECOMING GAME '68

Cheering our boys on!

The night of our homecoming was a disappointment due to the fog and the fact that we lost 20-0. But we really appreciated the effort and teamwork our boys put forth. Throughout the game our spirit and pride remained and at the end we were proud to say that we were

HOMECOMING DANCE

For those who can recall the Homecoming Dance this year, think back! It was a very foggy evening and because of the weather it made it difficult for couples finding their way to the dance including those of the Homecoming Royalty. But if you can also recall it was both a beautiful evening of dancing and visiting with alumni and friends.

It was a time that we will all remember. A time of happiness and pride for our Royal Court and a time for bestowing forgotten memories of the past on our returning Cavaliers.

A NIGHT TO REMEMBER

HAPPENINGS

'68—'69

To start off the season is the traditional decorating of the Xmas tree.

The youth joins in pre-yuletide festivities.

Christmas is also a time of reuniting loved ones.

For the elderly, it is a time of cherished memories.

The orphans share the spirit of Christmas with a visit from Santa.

A miser, who has not learned the true meaning of Christmas, now appears on the stage.

The Trumpeters announce the arrival of Santa's toys.

The drill team dances to the tune of "Babes of Toyland."

All fall down after a lively performance.

THE MOODS OF CHRISTMAS

The annual CO-ED fashion show was held January 31, to show fashions appropriate for the CO-ED dance. The fifteen models were escorted by the CO-ED King candidates.

The '68-69" Co-ed was sponsored by Girl's League on February 15. It began at 8:30 and was climaxed by the traditional crowning of the King, Jose Fernandez.

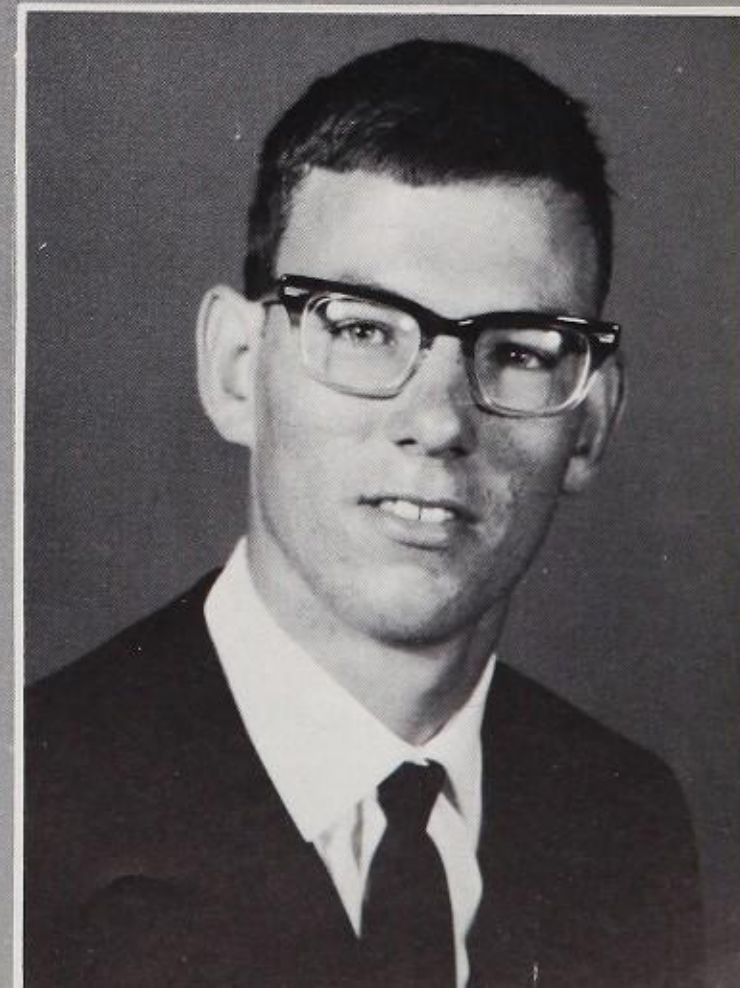

Felix Velarde

This year Mr. Gill received a notice telling of a Presidential Classroom for Young Americans. He decided on sending two of Santiago's students to this class in Washington D.C. Seniors wrote an essay on "How You could change Anything In The Government And Why.", and Felix Velarde and Ross Cook were chosen.

They left March 8 and stayed one week. Their schedule included seminars, a survey of major governmental areas of operation in Washington, visits to Congressmen's offices, to Congressional Committee hearings, visits to the Senate and House sessions, a visit to the White House and trips to the Military Institutions and the Supreme Court.

We are very proud to have had these fine people represent our school in our nation's capitol.

Ross Cook

The Master Sgt. receives applause for his men after a rousing march number.

On February 13th of this year, the Marine Band of El Toro again entertained the student body of Santiago. The hour program consisted of pop, Dixieland, and traditional marches.

The Marines as usual presented us with a superb and enjoyable music hour.

An atmosphere of easy listening melodies were created by the brass quintet.

The program was not complete without the novelty music of the woodwinds.

The combined woodwind and brass spin off into a lively rendition of Dixieland music.

STUDENT COUNCIL

The ultimate goal for a student council of any school is to concern itself totally with extracurricular activities for students. In this day and age, many times it is extremely difficult to get total involvement of a student for activities the student council is concerned with. It is this that makes student council either a success or a failure. It is for this reason that student council must grasp the mood and tendencies of students contained on this campus. Find out what the student body enjoys and what it dislikes. Concentrate on programs and events that seem popular to all and the support will be there. I am grateful for being a part of student council and its successes and failures this year.

Homerooms to Vote on HC Assembly Caps Week New ASB Constitution

Today, October 25, marks the completion of the annual Homecoming Week of Santiago. Student events took place Monday through Friday, and points were allotted to those classes who came on top in their prospective activities.

Monday found four boy-girl teams competing in a pie-eating contest in which all contestants were blindfolded. Ten points were bestowed upon the winning couple.

Tuesday found the Freshmen battling the Sophomores and the Juniors taking the Seniors on in a 10-man tug-a-war. The contest was decided over a pool of mud.

Each class constructed human pyramids Wednesday in the grass section of the quad.

Thursday, the students were engaged in a race through an obstacle course on any vehicle which consisted of a toilet seat. Fifty points were given to the winner, and 25 to the "sexiest" decorated one.

Today rounded out the activities of the week. A turtle race was staged in the quad. First to reach the outer edge of the circle was the winner. Ten points were awarded.

After 6th period today in the quad Santiago will hold its Homecoming Assembly. The theme for the assembly will be based upon the "Laugh-In". All students are urged to attend.

Santiago Spirit High As Yuletide Season Arrives

Commencing December 9, and following up on December 19, Santiago will launch its annual Toy Drive.

Heading a Student Council committee, seniors, Tom Heierle and Lisa Nomiya will be co-chairmen of the drive.

During homeroom period every day, money and toys will be collected. Toys may be used, but must be in good condition. For each dollar collected, the rooms will be awarded 100 points. Whichever homeroom accumulates the most points, an undetermined prize will be awarded.

All proceeds from the drive will be donated to the Orange County Medical Center, which deals mainly with cerebral palsy.

Anyone wishing to help put forth their effort to make this toy drive a big success, should contact Lisa or Tom.

Lisa adds hopefully, "We're going to strive to make this toy drive better than last year's."

The senior class is sponsoring a Christmas Dance the 14th of next month. It will be held in the boys gym from 8-11:30.

The price will be 75c with an ASB card and \$1.50 without, presale

tickets will be 25c cheaper.

The band will be the Fourteenth Americans and it will be their first appearance at Santiago.

School dress is required at the dance, also there will be prizes and various types of contests.

Jan Wheatley, senior class president says, "The senior class is working diligently to make it a great success and to be enjoyed by all Cavaliers."

Santiago's annual Christmas assembly will be held Dec. 19 during a single assembly in the gym. The theme of the assembly is "Moods of Christmas."

The scene will be a house which will be transformed in various ways to show how different people spend Christmas Eve.

The committee in charge of the assembly consists of Sue Darst, Bobbie Chiapetta, Patti Schuyler, Ruth Cary, Jackie Parker, Debbie Bess, Carol Doyle, Sandy Moyer, Corine Bradshaw, Michelle Mitchell, Leslie Settles, Carol Smith, and Chris Weisner.

The groups and clubs assisting are the play production class, ensemble, art club, Girls' League modern dance, and drill team.

Teacher's Appreciation

You can't imagine how happy I am that I had the luck to go to Santiago for one year. This was only my first year at this school, but I think you made it the greatest in my whole life, you who helped me to get a good start and make lots of friends. Santiago is really a great school and I wish the school in Germany I go to would be the same. I'll miss this school so much when I go back and I am sure I'll never forget any of you. All I can hope is that I get to come back some day and see all of you.

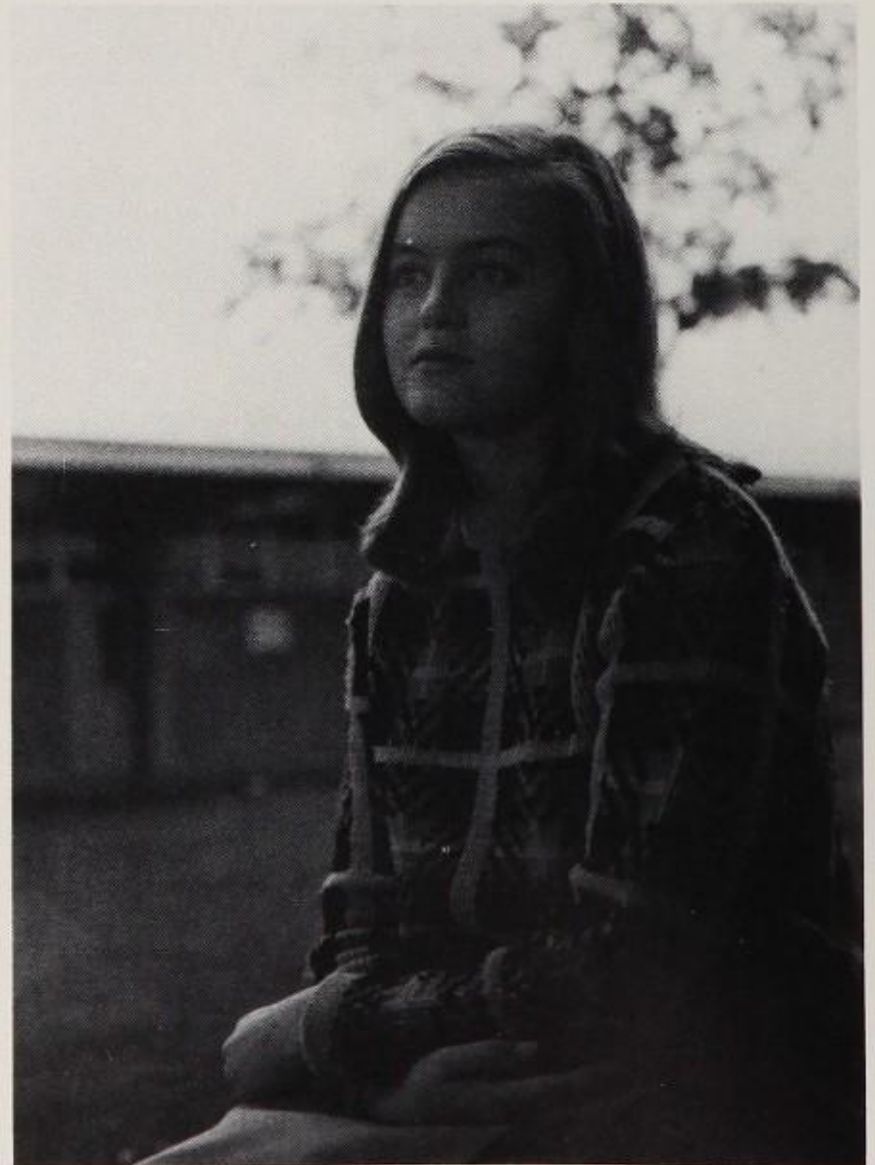

Almut Keimling

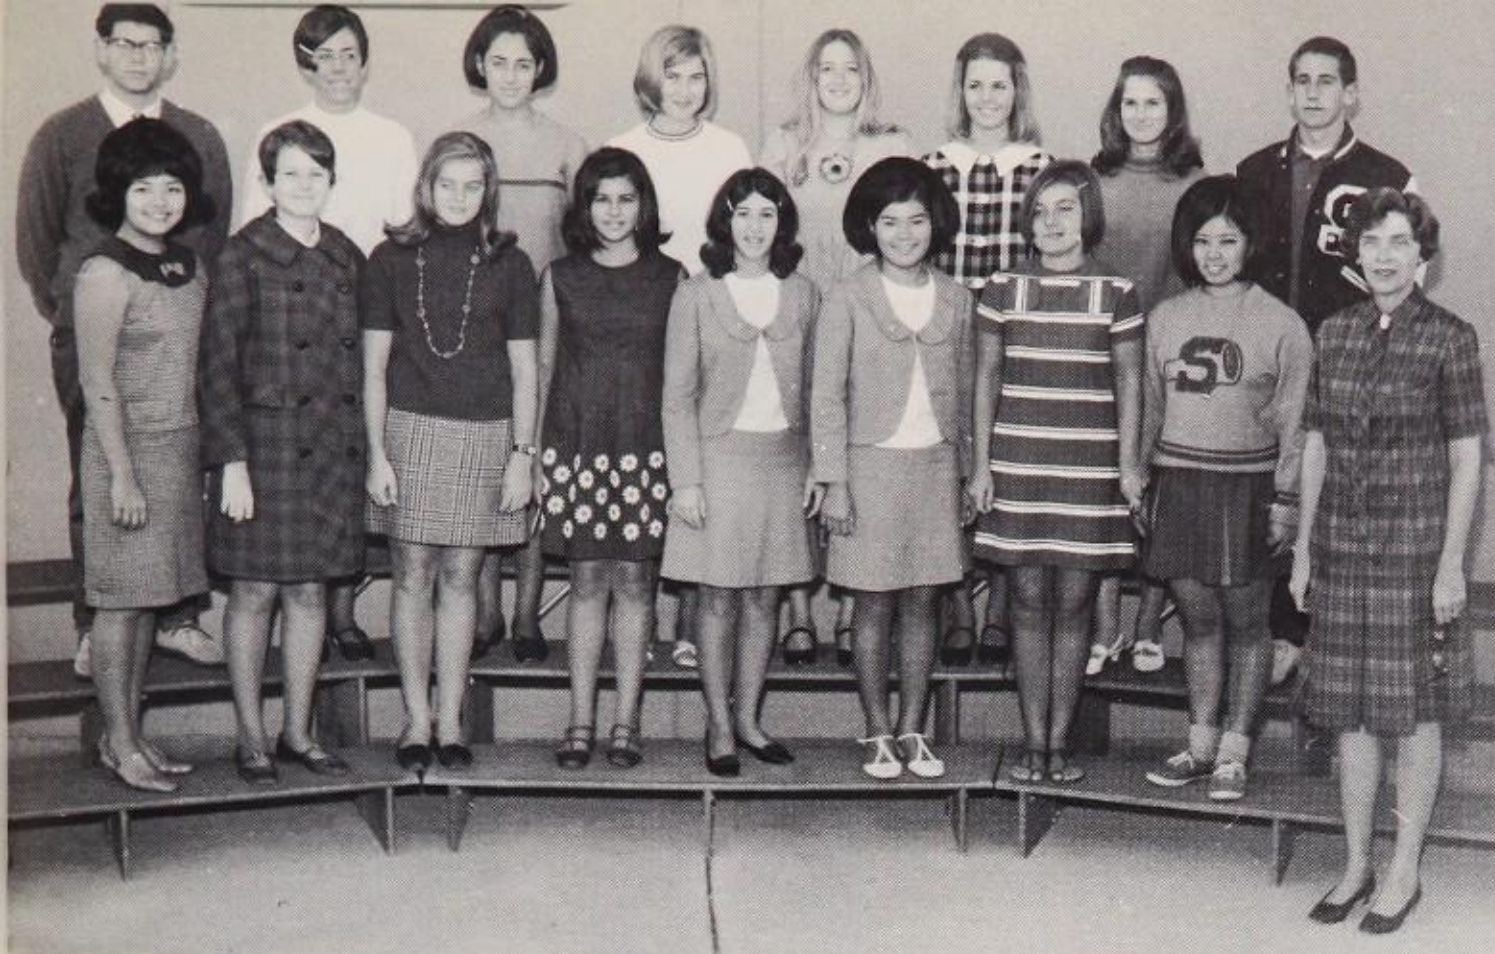

Almut Keimling

When I was asked to write something about Santiago for the yearbook "I GOT A PROBLEM!" I can't describe in words what all the experiences I have had here as an exchange student has meant to me. There are so many things you have here that I'm not used to. Those are things like football games, assemblies, pepsters and drill team. I just love it and I will sure miss this a whole lot when I return back to Sweden. Home again however, I'm going to try to improve the Swedish school a little. I know one thing for sure though: IT WILL NEVER BECOME AS GREAT AS SANTIAGO! I would like to thank all of you, both teachers and pupils for the great friendliness you have shown during the past year. I will always remember you and Santiago from MY yearbook. The year with the greatest experiences in my life.

FOREIGN EXCHANGE

Linda Eiki is presented with red roses by her "adopted" Family at Haneda International airport before her departure for home.

OMEDETO GOZAIMASU! In plain English, "Greetings!". I really enjoyed my trip to Japan this summer. I had everything I ever wished for--beautiful home, two sisters and a brother, lenient parents, a maid and great friends. I lived in a two story home, of which four rooms were Japanese and the rest was completely "westernized". My day consisted of visiting historical spots, meeting new friends, shopping downtown in Tokyo, and just taking it easy. The maid took care of everything, even preparing my bath. I spent a week at my "father's" summer home on Ise-Shima (a "pearl" island), and a week in Karuizawa, a mountain resort. I experienced two typhoons and they were scary! The most fun I had was adding to my Japanese vocabulary. In return, I taught them English. Japan is a beautiful country and the people there are truly "real".

Well,
SAYONARA (Good-bye)!

There are many phases in producing the El Caballero '69. Our staff has contributed time, imagination and the boldness to be different to this year's book. Everyone on the staff knows the hard work that is connected with an annual. Photography schedules, layouts upon layouts and the rush to meet deadlines are all part of this book. We all hope we have created a book which both students and faculty are proud of owning.

Students involved in the Senior Intensified Office Training program learn and apply the finer aspects of office work to their education.

One of the various aspects in which students taking Graphic Arts are involved in is the operation of the Heidelberg.

In Food Service I, students acquire the basic fundamentals of preparing foods.

In Wood Shop, students acquire the basic fundamentals of construction, while also learning about the use of power machines.

Connie Jones receives part of her VEA training serving teachers at noon.

As the head of the Vocational Department, Mrs. Sully has given a great deal of advice and guidance to students here at Santiago. She has devoted a lot of time and energy in finding jobs for students.

Art Erickson is shown the operation of the Heart resuscitator.

Barbara Brown confers with the Lab technician at Palm Harbor Hospital.

Joyce Moell is receiving practical training in the pharmacy at the hospital.

Teachers of the Santiago Faculty enjoy being served by students in El Meson.

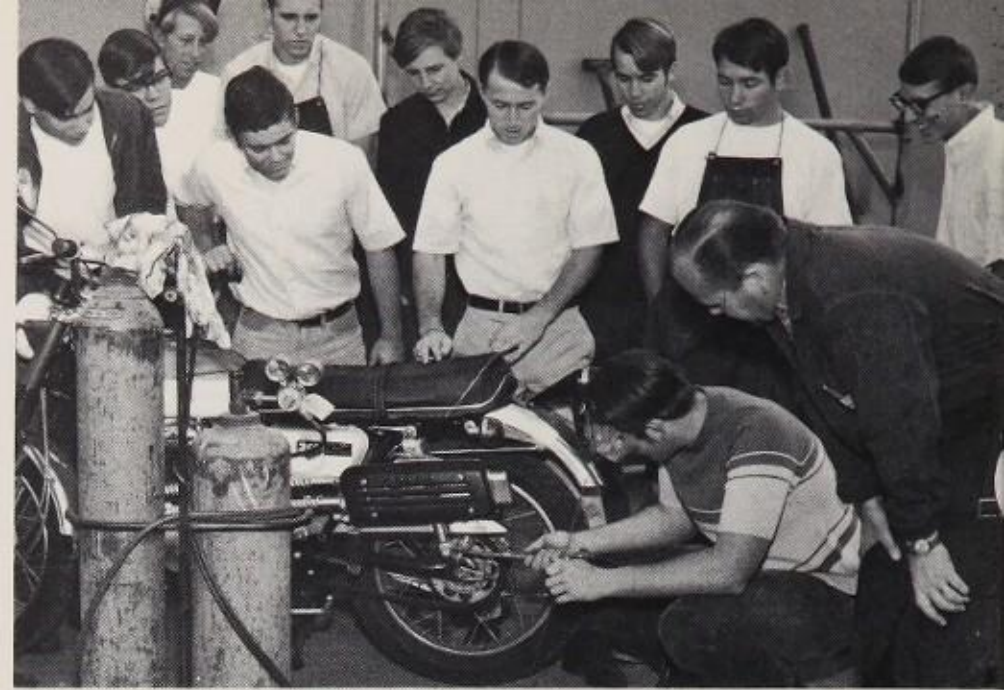

In Food Service II, Mrs. Umphress displays sweet rolls the students have prepared.

Mr. Barnes is explaining to Richard Freeman and Gary Paul the varied aspects and techniques of drafting which will help them in future projects.

In Metal Shop, Mr. Jarmen instructs the students in the interpretation and application of different principles of metals.

In the greenhouse, Mr. Clark is explaining to his Horticulture students the growth and development of Marigolds.

In Auto Shop, Mr. Stagner is discussing the mechanics and problems concerning carburetors.

Mr. Sonoff is familiarizing his students with the basics and fundamentals of electronics.

Santiago Drought Ends with Triumph

By BILL DI PRETE
Staff Correspondent

Santiago High School won its first pre-league game in five years by handing La Mirada High School a 19-6 thumping last night at Garden Grove High School Stadium.

Santiago drew first blood with just 33 seconds gone in the second quarter. Cavalier quarterback Roger Takahashi moved his team on an 80 yard drive with Jose Fernandez ending it on an 11-yard scamper.

Coach Vince Buonocore singled out Jessi Hernandez and Steve Keithly on his strong defensive team, and Fernandez on the offense.

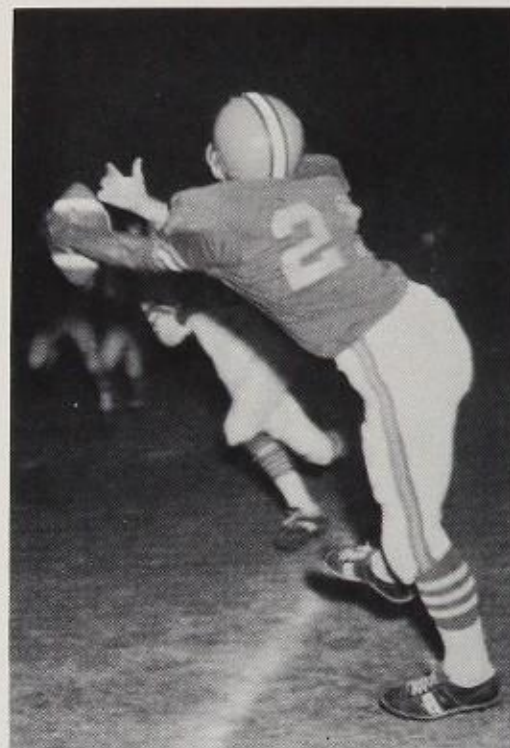

Fernandez carried the ball 23 times and ripped off 104 yards to lead all ball carriers. His key blocking also was instrumental in helping his teammates pull off the victory.

La Mirada was able to move

the ball well at times, but it seemed that just when everything was going right, there was the Santiago defense.

The first time the Matadors had their hands on the ball, they marched from their own 26 to the Santiago 11 and a fourth down field goal attempt by Paul Donoghue went astray.

La Mirada didn't threaten again until mid-way through the final quarter when the score was 19-0 Santiago.

Fernandez Sparks Santiago Triumph

By BILL DI PRETE
Staff Correspondent

Jose Fernandez led Santiago High School past a stubborn Pacifica team 13-6 Saturday night at Bolsa Grande High School Stadium.

Fernandez tore through the Mariner line almost at will. When there wasn't a hole, he made one.

While Fernandez had the middle of the Pacifica line declared a disaster area, Roger Takahashi kept the outside busy and scored the first of two Santiago touchdowns from one yard out.

Although the Cavaliers rolled up over 400 total yards, they could only light up 13 points on the score board. At the half, the score was 7-0, Santiago.

All wasn't dull for the Mariners because six foot, 160 pound senior running back, Tom

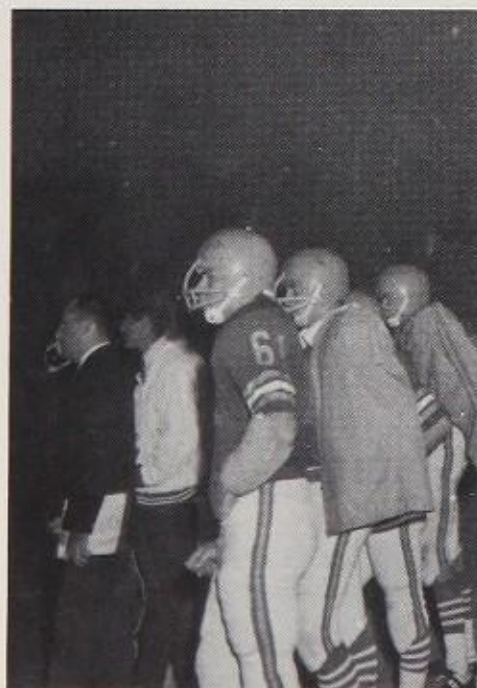

Hastings ripped off a 85 yard kick off return for the only Pacifica score. Tom Sandt failed to add the point.

That touchdown came in the third quarter, just 12 seconds after Fernandez scored the second Santiago touchdown of the game.

Pacifica came close a couple of times but the hard charging defense of the Cavaliers slammed the door shut.

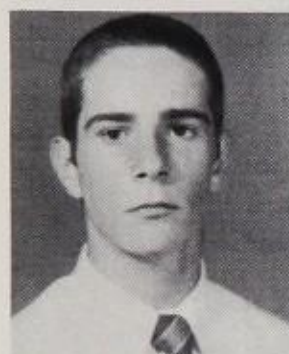

Randy Meier, Steve Keithly and Tony Wright led the defensive unit for Santiago.

Meier blocked a Pacifica punt on the Mariner 25 yard line and then scooped the ball up on the 15 and ran it down to the three. From there Fernandez ran it in.

VARSITY

This year's Varsity Basketball team is probably one of the best ever put together at Santiago. This year's team is comprised mainly of Juniors and will prove to be valuable next year.

The Purple Power won it's own Holiday Tournament as Dale Le Masters took the most valuable player award at the tournament.

The games that our team lost were close ones, but the games that we won were a humiliation to the opposing teams.

BASKETBALL

L to R; Terry Cutler, Lyle Mutz, Rick Maurer.

L to R; Pete Capriotti, Jim Goodwyn, Greg Tumey.

The J.V. Team started out slowly at the start of the season but came back with a lot of power at the start of the Garden Grove league play when Roger Takahashi put flash back into the team.

Mr. Thomas at one of the conference meetings during the year.

The People Behind The Scenes.

American Yearbook Company and Robert's Studio of Garden Grove played a major part in compiling material for the yearbook.

Mr. John Thomas, representative of American Yearbook, and Dick Beem, Jay Prather and the entire staff at Robert's Studio have been a great help to the yearbook staff for several years. With their guidance we were able to create a better book. We owe them special thanks for their consideration and thoughtfulness in serving El Caballero '69.

A Robert's staff member is busy working with the Co-Ed photographs.

CLASSES

There are places, I remember all my life
Though some have changed,
Some forever, not for better
Some have gone and some remain
All these places have their moments

Dear Mr. Baker and Mrs. Willingham,

The Junior Class owes you many thanks, and we sincerely appreciate all of your devoted time and efforts in making our Junior Class what it is now.

We are very glad that you stand willing to help us every time we ask for it. The support you have given encourages the Juniors in all their endeavors to have the Junior Class a proud and spirited part of SANTIAGO.

Thank you. . .

Sincerely,
The Junior Class

FRESHMAN CLASS OFFICERS: Sheryl Keithly, Jennifer Bell, Dave Spellman, Debbie Miller.

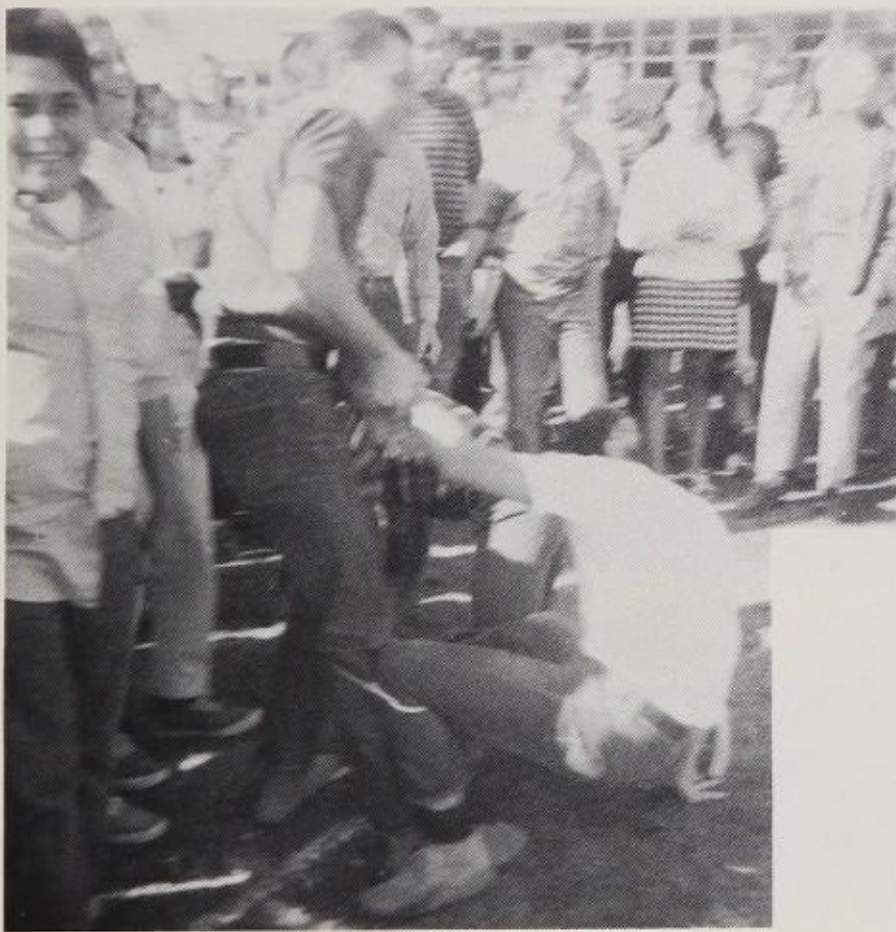

CLASS OF "72"

Since time immemorial Freshmen have been stereotyped as lowly underdogs. With this year as experience, the Freshmen are now able to accept the responsibilities and privileges of the Sophomores.

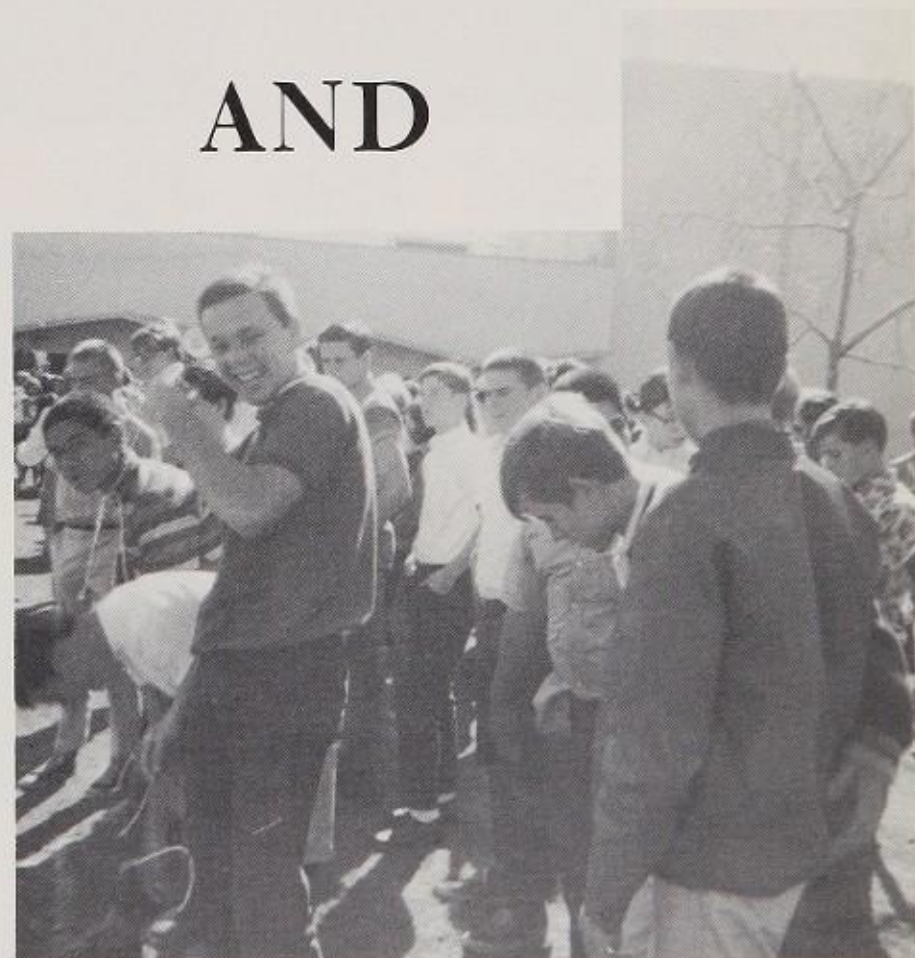

Freshman President, Kevin Wheatley, serves as this year's principal officer.
